

PROJECT DETAILS

MOROCCO

Northern Africa

TITLE

Developing an integrated transparency framework for NDC planning and monitoring

OBJECTIVE

Morocco has the institutional, technical and managerial capacities to plan and report on the implementation of its NDCs

GEF PROJECT DETAILS

See in GEF website

PROJECT PROPOSAL

See in GEF website

PROJECT OUTCOMES

An integrated governance to sustain national tracking and accounting system for progress toward NDC implementation is established

The NDC governance framework is piloted in two subnational regions

GHG accounting and reporting capacities strengthened

Planning and tracking mitigation actions capacities are strengthened

Building MRV capacities of support

STAKEHOLDERS

State Secretariat of Sustainable Development

Ministry of Energy, Mines and Sustainable Development

Ministry of Agriculture, Maritime Fisheries, Rural Development and Water and Forests

Ministry of Industry, Investment, Trade and Digital Economy

Ministry of Interior

Ministry of Economy and Finance

High Commission for Planning

Ministry of Foreign Affairs and International Cooperation

Ministry of National Education, Vocational Training, Higher Education and Scientific Research

Ministry of Solidarity, Women, Family and Social Development

4C Morocco

Professional Group of Banks of Morocco

General Confederation of Enterprises of Morocco

The Mohamed VI Foundation for Environmental Protection

KNOWLEDGE MANAGEMENT APPROACHES

Consider the capacity building needs, identified in the international consultation and analysis of the 1st BUR

Actively participate and disseminate the project results in the NDC Partnership, the Partnership on Transparency in the Paris Agreement and the NDC Cluster

INDICATORS ON CAPACITY FOR TRANSPARENCY

INSTITUTIONAL CAPACITY FOR TRANSPARENCY-RELATED ACTIVITIES	TARGET (1 - 4)	BASELINE (1 - 4)	MID-TERM EVALUATION (1 - 4)	TERMINAL EVALUATION (1 - 4)
>to be provided upon approval of project document<	pending	pending	pending	pending

QUALITY OF MRV SYSTEMS	TARGET (1 - 10)	BASELINE (1 - 10)	MID-TERM EVALUATION (1 - 10)	TERMINAL EVALUATION (1 - 10)
>to be provided upon approval of project document<	pending	pending	pending	pending

INDICATORS ON PROJECT RESULTS

INDICATOR	TARGET	BASELINE	SOURCE OF VERIFICATION
>to be provided upon approval of project document<			

PROGRESS

>to be provided by the country focal point<

STATUS OF PROJECT OUTPUTS AND ACTIVITIES

1.1 An integrated governance to sustain national tracking and accounting system for progress toward NDC implementation is established

1.1.1 A national NDC governance framework is designed and endorsed	>to be provided upon approval of project document<	 0%
1.1.2 National MRV guidelines and procedures are established	>to be provided upon approval of project document<	 0%
1.1.3 Lessons learned are shared at the regional and global level through the CBIT Global Coordination Platform	>to be provided upon approval of project document<	 0%

1.2 The NDC governance framework is piloted in two subnational regions

1.2.1 Capacities of subnational stakeholders are strengthened	>to be provided upon approval of project document<	 0%
1.2.2 Subnational MRV guidelines and procedures are established	>to be provided upon approval of project document<	 0%

2.1 GHG accounting and reporting capacities strengthened

2.1.1 Sectoral inventory experts and data focal points are empowered through practical training programmes, site visits and technical assistance	>to be provided upon approval of project document<	 0%
2.1.2 A data platform to improve waste management data collection, storage and availability to the GHG-NIS is designed and procured	>to be provided upon approval of project document<	 0%
2.1.3 R&D institutes engaged to develop country specific emission factors	>to be provided upon approval of project document<	 0%
2.1.4 A data platform specific to the GHG-NIS to improve data feeding, processing and reporting is designed and procured	>to be provided upon approval of project document<	 0%

2.2 Planning and tracking mitigation actions capacities are strengthened

2.2.1 Methodologies and user-friendly planning tools are developed	>to be provided upon approval of project document<	 0%
2.2.2 Tools, templates and guidance to track and report GHG mitigation actions	>to be provided upon approval of project document<	 0%

are developed

0%

2.2.3 Capacities are developed to master >to be provided upon approval of project document<

the developed tools

0%

2.3 Building MRV capacities of support

2.3.1 Guidelines and data collection >to be provided upon approval of project document<

templates to track support are developed

0%

2.3.2 Capacities of key stakeholders from >to be provided upon approval of project document<

the public and private sectors are developed

0%
