

# Partnership on Transparency in the Paris Agreement

Meeting:

Enhancing coordination on climate transparency

24 April 2018, Berlin

Hanna Reuter, GIZ

## The history

- The **Partnership on Transparency in the Paris Agreement** (formerly: International Partnership on Mitigation & MRV) was **launched in May 2010** at the Petersberg Climate Dialogue by **South Africa, Republic of Korea and Germany**

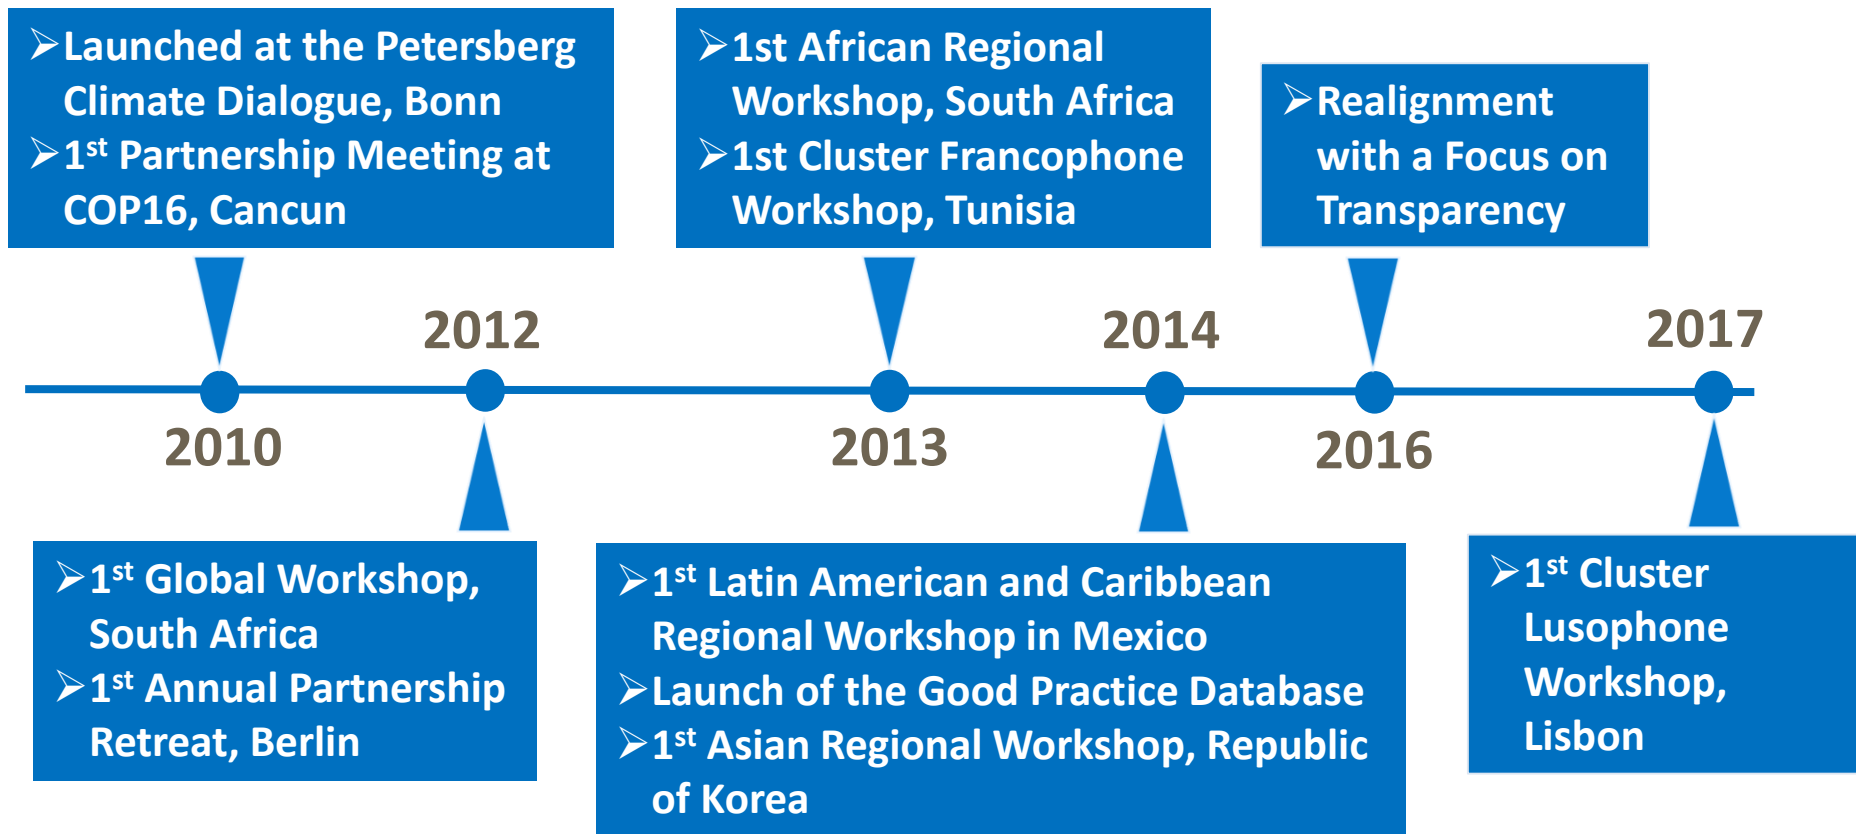

## The goal

- The Partnership aims at promoting ambitious climate action through practical exchange on **enhanced transparency** and, by this, contributing to achieving the global temperature goal
- The Partnership seeks to
  - foster **transparency, communication, networking** and **trust** between countries;
  - provide **capacity building** and promote a **mutual learning** process within regions and among practitioners on a global scale
  - identify and disseminate **good practices examples** and **lessons learnt**

## Milestones of the Partnership

## Partnership formats

- **Partnership Meetings** held in the margins of UN climate negotiations
- **Annual Partnership Retreats** to discuss some of the most pressing issues of the negotiations
- Capacity building activities and peer-to-peer learning through technical workshops in **5 regional and language groups**, and through international conferences
- **Knowledge sharing and knowledge products**, e.g. through newsletters, Twitter and a website: [www.transparency-partnership.net](http://www.transparency-partnership.net)

## Regional and language groups

- Asia-Pacific Regional Group
  - African Regional Group (anglophone)
  - Cluster Francophone
  - Grupo Regional de América Latina y el Caribe
  - Núcleo Lusófono
- Regional workshops
  - Information e-mails
  - Webinars and other online formats

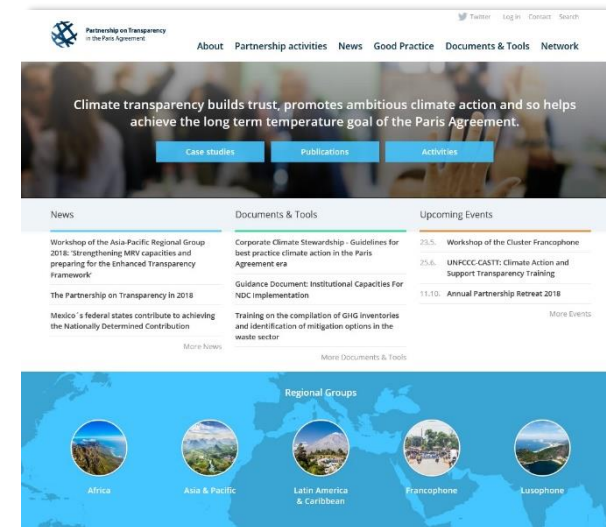

## Knowledge hub

- Website [www.transparency-partnership.net](http://www.transparency-partnership.net)
  - Documents and Tools section on transparency, MRV, NDCs, NAMAs, LEDS: tools, guidebooks, policy papers, case studies, workshop documentations, etc.
  - Good Practice Database with > 80 good practice cases for climate policy & action
- Newsletter
- Twitter @TrackingClimate
- Webinars

## Information Matters

### Transparency through Reporting

#### Tools & Trainings

- For sharing of ‘**lessons learned**’ and **guidance** e.g.
  - **Biennial Update Report (BUR) Template**
  - **BUR Process Guidance Tool**
  - **Training on GHG inventories and mitigation options in the waste sector**

→ *All documents can be downloaded for free on the website*

#### Ad-hoc Facility

- **Upon request for developing countries** (focus Africa, LDCs, SIDS)
- Targeted in-country **capacity-building workshops** or **expert advice/backstopping**
- Support concerning **BURs, MRV systems** and **GHG inventories**

→ *For more information and contact please see Ad-hoc Facility Factsheet on the website*

<https://www.transparency-partnership.net/network/information-matters>

## Results

The Transparency Partnership is internationally recongenised as a forum for policy dialogue and peer exchange

- More than 100 countries have participated in its activities
- 23 Partnership Meetings, 6 Annual Partnership Retreats, 18 regional workshops, regular contributions to other events...
- Wide network of partners that cooperate with the Partnership (joint activities, contributions to selected activities, information exchange), i.a. through the MRV/Transparency Group of Friends

*The Partnership provides a unique floor to reflect outside the restrictions of the negotiations.*

*(Judy Beaumont, South Africa)*

# Thank you!
