Partnership on Transparency in the Paris Agreement

Meeting:
Enhancing coordination on climate transparency
24 April 2018, Berlin

Hanna Reuter, GIZ
The history

• The Partnership on Transparency in the Paris Agreement (formerly: International Partnership on Mitigation & MRV) was launched in May 2010 at the Petersberg Climate Dialogue by South Africa, Republic of Korea and Germany
The goal

• The Partnership aims at promoting ambitious climate action through practical exchange on enhanced transparency and, by this, contributing to achieving the global temperature goal

• The Partnership seeks to
  – foster transparency, communication, networking and trust between countries;
  – provide capacity building and promote a mutual learning process within regions and among practitioners on a global scale
  – identify and disseminate good practices examples and lessons learnt
Partnership formats

• **Partnership Meetings** held in the margins of UN climate negotiations

• **Annual Partnership Retreats** to discuss some of the most pressing issues of the negotiations

• Capacity building activities and peer-to-peer learning through technical workshops in 5 regional and language groups, and through international conferences

• **Knowledge sharing** and **knowledge products**, e.g. through newsletters, Twitter and a website: [www.transparency-partnership.net](http://www.transparency-partnership.net)
