

**Partnership on Transparency**  
in the Paris Agreement

- The **Partnership on Transparency in the Paris Agreement** (PATPA, former International Partnership on Mitigation & MRV) was launched at the Petersberg Climate Dialogue in May 2010 by South Africa, Republic of Korea and Germany
- The Partnership aims at encouraging all countries to step up for **enhanced transparency** in order to achieve the global goal of keeping temperature increase well below 2° Celsius, and pursuing efforts to limit it to 1.5° Celsius.

The Partnership seeks to	Partnership formats include:
Foster <b>transparency, communication networking</b> and trust between countries;	<b>Partnership Meetings</b> held in the margins of UN climate negotiations;
Provide <b>capacity building and promote a mutual learning process</b> within regions and among practitioners on a global scale	Capacity building activities and peer-to-peer learning through technical workshops in <b>5 regional and language groups</b> , and through international conferences
Identify and disseminate <b>good practices examples and lessons learnt</b> ;	Knowledge sharing and knowledge products, e.g. through newsletters and a website: <a href="http://www.transparency-partnership.net">www.transparency-partnership.net</a>
