Building and Nuclear Safety

Information Matters

Transparency through Reporting

giz Deutsche Gesellschaft
für Internationale
Zusammenarbeit (GIZ) GmbH

of the Federal Republic of Germany

Project goal: Strengthen in-country capacities for enhanced reporting of climate relevant information in BURs and NCs in Chile, Colombia, Dominican Republic, Egypt, Georgia, Ghana, The Philippines and Viet Nam (& Ad-hoc).

Activities:

- Stock-taking of MRV-systems & GHG monitoring, validated CB road-map
- Tailored-made CB & backstopping, concepts for institutionalization
- Peer-to-peer exchange
- Knowledge products, available for download at:

www.transparency-partnership.net
